

SALOMON STORM THE TEN - DON'T MISS OUT!

With registration for Storm the Trent, ESAR, and now Rockstar all having been completely filled up well in advance of Race Day, there is no doubt that adventure sports events are in very high demand this year! Up next is [Salomon Storm the Ten](#); Canada's only relay-style adventure race, hosted from Milton's Kelso Conservation Area on Saturday **September 18th**.

September may seem like a long way away, but registration is already starting to fill - don't delay and risk disappointment! The first 200 racers to enter this year's race will receive a custom [Storm the Ten bike tool](#), and they're going quickly!

Open to solo racers, tag teams, and groups of 2, 3, 4 and 6, this unique race format features all the thrills of an adventure race, compacted into short bursts through Kelso's fun and fast-flowing trails lining the mighty Niagara Escarpment. Very much like a mountain bike relay event, the course is fully-marked, the goal is to complete as many laps as possible, and the atmosphere is very social, as racers get to relax and re-fuel at the main hub between shifts. It's the best of all adventure sport worlds, staged from one of Southern Ontario's best-known recreation hotspots.

And it's going to be the most convenient "Ten" ever this year, with all watercraft and paddling equipment to be provided on-site at no extra charge - all you'll need is your bike and your running shoes! Add to this an **all-new** racecourse, **live lap results** to be displayed at the transition area, as well as the **guarantee** of a timely awards ceremony - thanks to a new timing software that will be used for the first time ever in Canada. This is the Fall Classic event you definitely don't want to miss!

Check out www.stormevents.ca/stormthe10.htm for all the details!

Hope to see you there!

Sean Roper
Race Director, Storm Racing
